Quantity

DETAILS

The product is compatible with the SIP 1.0 / 2.0 standard and allows interfacing with the main IP switchboards on the market or using the direct call function to contact the internal stations.

The Akuvox R27V has a 3 Megapixel camera with a wide viewing angle (120 degrees), a numeric keypad, and 2 outputs for controlling electric locks.

The video stream can be set with high resolution (up to 1080p), compressed with H.264 video codec, and interfaced with external video surveillance platforms via the RTSP / ONVIF stream.

Technical features:

- 2 Output
- Numeric keypad for direct call
- 3 Megapixel Room
- IR sensor
- 120 ° viewing angle
- Wiegand interface
- Video Codec: H.264
- Audio Codecs: G.711a, G.711u, G722, G.729
- High weather protection (IP65)
- PoE (802.3af) or external power supply
