## Logitech Wireless Headset H820e

You are now free to move about the office. Wearing the Logitech® H820e Wireless Headset frees you to take notes on a white board, step into a quiet office, or stand up and stretch. Designed for comfort and convenience, H820e includes a padded headband and replaceable ear pads, with noise-cancelling technology.

Logitech H820e Headset automatically pairs with any H820e dock – ideal for hot desking. The headset also stays connected up to 300 ft (100m) of your desk, with up to 10 hours of wideband talk time. Plus, an LED lets others know you're on the phone, while a visual indicator tells you when you have an incoming call.

With advanced business certifications and enhanced integration with Logitech Collaboration Program (LCP) members<sup>3</sup>, users can expect a seamless meeting experience with any video conferencing application.

# Logitech Wireless Headset H820e

## FEATURE SPOTLIGHT

### DECT spectrum wireless connectivity

Provides exceptional wireless range that won't interfere with Wi-Fi® devices in your office.

### In-call LED indicator light

Located on the backside of the boom, this provides a visual alert to those behind you that you are on a call, preventing accidental disturbances during calls.<sup>1</sup>

### On-boom mute button and mute indicator LED light

Intuitively located on the boom, the mute button is easy to identify. An LED light that can be seen while wearing the headset provides a visual mute status by glowing red while muted.

### Intuitive on-ear call controls

Control the call with on-ear answer/end,<sup>1</sup> volume up/down buttons. The raised button design provides a point of reference for your fingers so you can feel the buttons you're pressing.

### Up to 10 hours of wideband talk time

Hear and be heard all day in true wideband audio, ensuring those on both sides of the call enjoy a life-like listening experience. Includes a charging base.

### Up to 300-ft (100-meter) wireless range

Enjoy the freedom to move widely around the office during conference calls while staying productive.

### Optimized for Microsoft® Lync™; Cisco® compatible<sup>2</sup>; compatible with most leading video conferencing platforms

Ensures enterprise-quality audio and an integrated experience with most all business-grade video conferencing platforms.

### Auto pair by docking

H820e headsets automatically pair when placed in any H820e charger dock, making it easy to use the headsets with any workstation in large deployment or hot desking situations.

### Flexible microphone boom

Rotate the boom up or down and bend it left or right to move it closer to your mouth, enabling optimal placement for voice pickup.

### Padded leatherette headband and ear pad

Built with high quality materials so the headset remains comfortable, even during long hours of use.

### Visual incoming call indicator

Lights on the base flash for incoming calls and an audible signal is given when the headset is in use.<sup>1</sup>

### Acoustic echo cancelation and noise-cancelling microphone

Optimized so you can hear and be heard even in noisy workspaces.

### Wide band/narrow band switch

Provides the option to switch to narrow band for improved performance in areas of high-density deployment and for extended talk time.

### Digital Signal Processing (DSP)

Enables precise tuning for both the mic and speaker so conversations are more life-like.

### Logitech Sound Protection

Designed for protection against sounds above 115dBA to deliver exceptional listening comfort for voice and music; compliant with EN60950-1.

### Contemporary, ultra-lightweight design

Sleek design and durable materials provide a more attractive look than traditional headsets.

### Strong TR90 nylon construction

Stronger and more flexible than ABS, making it a more durable material. Plus, it has a higher level of resistance to everyday chemicals including hairspray and sunscreen.
